Amherst College prepares students to use ideas to make a difference in the world. Since its 1821 founding in Western Massachusetts, Amherst has demonstrated steadfast confidence in the value of the liberal arts and the importance of critical thinking. Today, its financial aid program is among the most substantial in the nation, and its student body is among the most diverse. Small classes, an open curriculum and a singular focus on undergraduate education ensure that leading scholars engage daily with talented, curious students, equipping them for leadership in an increasingly global and complex world.

Amherst College has the oldest athletics program in the nation, dating back to a compulsory physical fitness regimen that was put in place for all students in 1860. Today, over a third of the student body participates in varsity sports and eighty percent are involved in intramural and club sports teams.

With 27 intercollegiate athletic teams, Amherst College student-athletes have successfully blended academics and athletics for decades. In addition to capturing 13 NCAA Division III team championships - including 11 in the past 11 years - and 78 NCAA individual titles, Amherst student-athletes have also excelled in the classroom - earning 35 prestigious CoSIDA Academic All-America selections, including 21 selections since 2008.
