13th Annual Owl Club
Golf Tournament

The Owl Club Golf Tournament is one of the primary fundraisers to help support Westfield State University athletics - annually alumni, corporate sponsors, parents, friends, and athletes compete in a fun-filled day of golf on one of America’s “50 best public courses.”

The tournament is a scramble format, which allows golfers of all abilities to play in a fun and competitive setting. Tee time is 12 p.m. Registration begins at 10:30 a.m.

The entry fee includes 18 holes of golf with a cart, tee prize, and contests on the course. Lunch is served before the round, and a buffet dinner and awards ceremony follow the tournament.

Since the Owl Club was founded, Westfield State athletics has finished first or second in the Smith Cup, emblematic of the best overall athletics program each year in the Massachusetts State Collegiate Athletic Conference. Your participation and support keeps our student athletes at the top of their game!
Guest of Honor
Todd Ditmar

Now in his 15th season at Westfield State, women’s soccer coach Todd Ditmar has transformed the Owls’ women’s soccer team into a perennial contender for the Massachusetts State Collegiate Athletic conference title, and a regional powerhouse which has qualified for the NCAA Tournament in each of the last two seasons, and seven times in the last 11 years.

From the start, Ditmar has been strong supporter of the Owl Club Golf tournament, annually bringing groups to the tournament, and his team was the Owl Club Tournament champion in 2007. His soccer teams have regularly participated as on-course volunteers during the tournament.

Among the Owls’ many stellar seasons under Ditmar’s guidance, the 2012 club posted an unbeaten regular season before falling in the NCAA Tournament and finishing with an 18-1-1 mark to set several school records.

The 2011 team was the first to advance in the national tournament, winning a penalty kick shootout against host Stevens Institute of Technology. The 2015 team fell to eventual national champion Williams College in the NCAAs.

From a family with a strong athletic tradition, Ditmar is the son of former New York Yankees pitcher Art Ditmar, and his nephew Kyle Murphy ’17 was an outfielder for the Owls’ baseball team.

A full-time staff member at Westfield, he also manages the University’s club sports programs. Ditmar has posted a coaching record of 140-86-22 at Westfield and has a career collegiate record of 254-172-29 in 27 seasons at Bay Path and Westfield.

Enjoy a round of golf with fellow alumni, parents and friends of Westfield State University Athletics at the Ranch Golf Club, twice named the “best public golf course in Massachusetts” by Golf Digest.

Your participation helps us provide the best possible experience for our student-athletes. Money raised by the Owl Club goes directly to enhance our athletic teams.

Golf Course Information

The Ranch has consistently been named among the best courses in the state since opening in 2002, and was hailed by Golf Digest as one of the “Best New Courses in America.” The golf course was created on a wonderful, historic piece of land. It’s a mixture of open meadows and woodland, interspersed with beautiful creeks, and a dash of wetlands tossed in to make each hole exciting and memorable.
