SPORTSMANSHIP INITIATIVE
Field Hockey

“Creating an Atmosphere of Respect.”

At the direction of the North Atlantic Conference Presidents and with the support of the Directors of Athletics, the conference embraces the theme "Creating an Atmosphere of Respect" for each of our sports. The ultimate goal for the NAC is to create an atmosphere that places the highest regard for exemplary behavior of all participants, coaches, administrators, fans and officials. The Field Hockey community has agreed to a set of behavioral expectations for coaches and student-athletes.

Behavioral Objectives for “Creating an atmosphere of respect” Initiative

- All conference members will show respect for opponents, teammates, coaches, officials, and the game.
- Coaches will set a positive tone for their teams, exhibiting and expecting integrity and appropriate behavior.
- Conference members will establish high expectations for all remembering that all individuals must represent their team, institution and conference well.
- Coaches will interact with game officials in a respectful manner.
- A conference pre-game protocol was accepted. All the student-athletes from each team will be led onto the field in two lines by the umpires. The first in line for each team will be the captains followed by the starting goalkeeper. The remainder of the starters then reserves will follow. At midfield, the teams, in single file will turn 90 degrees and move toward their respective goals, ultimately forming a single line at center field facing the direction as determined by the venue. After the playing of the national anthem (or after introductions if the game is the second of a double-header), Coaches will shake hands with each other at the half line.
- Following each NAC Conference Match, visiting coaches and event managers will have the option (2012) to provide feedback on the behavior of other coaches, student-athletes and fans through the use of an evaluation tool aimed not at punitive action but on the enhancement of all NAC programs. To access the form online, go to www.nacathletics.com, and log into the administrative section of the website to obtain the Contest Feedback form. The Commissioner will follow up with appropriate individuals on all feedback submitted.

NAC Expectations for Good Sportsmanship (from NAC Bylaws):

- Observing and supporting the rules of the game.
- Promoting the spirit as well as the letter of the rules.
- Placing fairness first as a goal in all competition.
- Taking personal responsibility for high standards of play and conduct.
- Showing civility toward competitors, coaches and officials.
- Playing cleanly while playing hard.
- Showing maturity and integrity in conduct on and off the field of play.
- Being a gracious competitor and accepting both wins and losses with dignity.

APPENDIX A

Cold Weather Best Practice

In the interest of health and safety for student-athletes, coaches, athletics staff, and spectators, the NAC has instituted cold weather best practices to prevent cold weather-related injuries and illnesses to all participants. These recommendations are in accordance with the National Athletic Trainers’ Association and the guidelines set forth by the NCAA. The athletic training staffs of the NAC institutions have conferred and agreed upon these standards.

These best practices are to be enforced in instances of conference competitions only. This best practice is not intended to override any school’s practice policy.

The following best practices pertain to “Active” sports (Men’s and Women’s Lacrosse, Men’s and Women’s Soccer, and Field Hockey) and “Limited Activity” sports (Baseball, Softball, Men’s and Women’s Track & Field, Men’s and Women’s Tennis, Men’s and Women’s Cross Country, and Men’s Golf).

The concern for student athletes that participate in Limited Activity sports is the student-athlete will be exposed to wind and cold temperatures during long periods of inactivity. During these times, student athletes may have difficulty maintaining proper body temperature due to exposure and lack of metabolic activity, thus, additional considerations are to be made to protect those student-athletes.

All temperatures indicated below are to represent the Wind Chill Temperature. The effects of the wind are to be taken into account. Ideally, the on-field conditions are to be used to determine the participation status. Furthermore, whenever possible, indoor warming facilities are to be made available to participants and spectators. When indoor warming facilities are not available, postponement is required at the previous step.

Cold Weather Best Practice for “Active” Sports

>32 degrees F – No restrictions on activities are required. Advisement is to be given to coaches to the temperature. Maintain regular hydration breaks.

20-32 degrees F – Required skin coverage for all athletes, including gloves, hats, long sleeves, and leggings/pants. Monitor for cold weather injuries and have facilities available for rewarming if needed.

15-20 degrees F – Required skin coverage as described above. Indoor rewarming should be available. For timed events, allow indoor rewarming for no less than 15 minutes following on field warmups and during halftime. For non-timed events, allow indoor rewarming for no less than 15 minutes during the first stoppage of play after 45 minutes of activity. *If no indoor rewarming facilities are available, activities are to be postponed at <20 degrees F.

<15 degrees F – Postponement of athletic contests are required.
