Hundreds of Amherst student-athletes are recognized with academic awards at the conference, regional and national levels each year. One of the most prestigious and renowned honors is CoSIDA’s Academic All-America program, which was introduced in 1952 in an effort to reward the nation’s most rounded student-athletes. Amherst has earned 34 Academic All-America selections in all, including 17 since 2010.
Spencer Noon ’13
