Division III Prospective Student-Athlete (PSA)

Division III PSAs should register for a free Profile Page through the Eligibility Center. This registration process will provide PSAs with education and information on being an NCAA student-athlete during the recruiting process. Registration will also provide PSAs with an NCAA ID prior to their enrollment at a member institution. NCAA IDs are required to use several of the free NCAA technologies (e.g. waiver requests, reinstatement requests and online compliance forms).

The Eligibility Center developed two different accounts for its new website to help prospective student-athletes make the best decision about their college choices.

1. Profile Page: If a PSA plans to compete at a Division III school or is currently unsure which division he or she wants to compete in, they should create a Profile Page. Please allow 15 to 30 minutes to completely register. If at any time the PSA wishes to play at the Division I or II level, he or she can transition to a Certification Account and pay the registration fee to begin the certification process.

   Please note: The PSA may transition from a Profile Page to a Certification Account, but cannot move from a Certification Account to a Profile Page. Students who registered with the old website will be considered Certification Accounts.

2. Certification Account: A PSA needs to be certified by the NCAA Eligibility Center to compete at an NCAA Division I or II school. A PSA also needs to be registered with a Certification Account before he or she can make official visits or sign a National Letter of Intent in Division I or II. Please allow 30 to 45 minutes to completely register and see our Registration Checklist for further details.

What should a PSA do if....

- A PSA wants to play at a Division III school: register for a Profile Page. Division III schools set their own academic requirements. The PSA must check with the school to make sure he or she is on track to be eligible. If the PSA decides to play Division I or II sports at a later time, he or she will need to transition to a Certification Account.

- A PSA wants to play at a Division II school: register for a Certification Account. Have information about their education and sports history ready to make the registration process easier. The PSA will also need to pay within 30 days of creating his or her account for it to remain active. The PSA must make sure he or she is on track to be eligible by following the Division II academic guidelines.

- A PSA wants to play at a Division I school: register for a Certification Account. Have information about their education and sports history ready to make the registration process easier. The PSA will also need to pay within 30 days of creating his or her account for it to remain active. The PSA must make sure he or she is on track to be eligible by following the Division I academic guidelines.
